

## BSN Research Visit Grant

Deadlines: 1st February, 1st August

### Eligibility

- **All members (UK and International)** including academic staff, post-doctoral research fellows and postgraduate students, wishing to either visit another lab, or host a visit.
- You must have been a member of the BSN for at least 6 months. See website for details on how to join the BSN - <https://my.neuroendo.org.uk/>

### Summary

- Strictly for supporting neuroendocrinologists visiting research labs in the UK, Europe or the rest of the world in order to learn a technique or to carry out experiments essential to their project (may include more than 1 trip if necessary).
- Awards are to support travel and accommodation (not subsistence), and receipts for these costs are required upon return.
- Some financial support is available for limited and identified consumables required for the techniques to be used.
- Costs towards salary can be requested.

### Further information

Applications must be made in advance: retrospective applications will not be considered. Previously unsuccessful applicants are encouraged to reapply, although we do not consider grant resubmissions.

Contact the BSN Membership Team ([theteam@neuroendo.org.uk](mailto:theteam@neuroendo.org.uk)).

### Award value

Awards will be up to a maximum of **£5000** for salary costs, travel, and accommodation and identified consumables.

Up to 6 awards (or a total of £30k) will be made per year, with generally no more than half of these being made at the first annual deadline.

### Application form and deadlines

Please complete the application form, which can be downloaded from the BSN webpages. Justification for the grant is necessary.

Deadlines for application will be quarterly **1st Feb, 1st Aug**, - applications received after the deadlines will not be considered.

Please submit your application by e-mail to [theteam@neuroendo.org.uk](mailto:theteam@neuroendo.org.uk)

### Award Committee

- A subgroup of the BSN Committee chaired by Michelle Bellingham will act as the Grants Committee.
- Members of the Committee will not take any part in an award round in which they have sponsored an application, or have themselves applied.

### **Award criteria**

In the event that there are more applicants than awards available, decisions as to whether to fund and/or the level of funding will use the following criteria:

Applicants will be favoured if:

- the research is likely to be especially productive and/or provides specialised experience that cannot be achieved in the home lab.
- They have previously supported the BSN by attending the annual meeting or publishing in the Journal of Neuroendocrinology.

**Correspondence will not be entered into with regard to award decisions.**
